EXPERIENCES

Nov 2024-Present

Dainik Bhaskar English – Bhopal
(Senior Motion Graphics Designer)

- Designing and producing high-quality motion graphics and video edits for digital news content.
- Responsible for creating channel branding assets including the Dainik Bhaskar English logo, show openers, and intro sequences.
- Developed news explainer graphics, animated lower thirds, transitions, and text overlays to enhance storytelling and viewer engagement.
- Designed and managed layout systems for video templates, ensuring visual consistency across all digital formats.
- Created a wide range of still graphics including thumbnails, posters, and social media creatives tailored for audience targeting.
- Collaborated closely with editorial and digital teams to align graphic style with news tone and platform standards.
- Designed and edited motion graphics and videos using AI tools and Adobe Creative Suite to create impactful digital content.

2023-2024

Freelancing-indore
Senior Video Editor & Motion Graphics Designer

- Created high-quality visual content for brands and influencers.
- Delivered professional editing for Instagram, YouTube reels, and social media ads.
- Collaborated with clients on branding, scripting, and delivery.

2021–2023

StudyIQ IAS + Bharat Matter – Delhi
Senior Executive – Animation

- Produced educational and current affairs videos across diverse content categories.
- Designed and integrated motion graphics with 2D/3D elements to enhance clarity and impact.
- Managed editing, sound sync, and visual branding to deliver professional, high-quality outputs.
- Collaborated with editorial teams to align content with brand standards, earning an 18% performance-based salary increment within one year.

2018-2021

Freelancing-indore
Video editing and Motion graphic

- Created engaging video edits & motion graphics for brands and influencers on Instagram, YouTube, and ads.
- Designed animated logos, intros and branding assets to boost digital storytelling.
- Handled end-to-end production—editing, color, sound, and motion graphics—for polished outputs.
- Collaborated with clients to align scripting, style, and delivery for maximum impact.
